**Twitter @bigmathnetwork**

**Email [bigmathnetwork@siam.org](mailto:bigmathnetwork@siam.org)**

The BIG Math Network brings together the Mathematical Sciences community (including pure and applied mathematics, statistics, operations research and data science) to

- Build job opportunities for mathematical scientists
- Communicate the value of mathematical science in the workplace
- Facilitate connections between students, faculty, recruiters and managers
- Increase knowledge about internships and how to prepare for them
- Provide viable models for internship logistics (timing, intellectual property, training)
- Create regional networks

***Connecting Mathematical Scientists in Business,  
Industry, Government, and Academia***
